

Shuster is September 27, 1999. Therefore, the perfected priority date of the present application, *i.e.*, July 9, 1999, antedates the filing date of Nessett and Shuster. Additionally, Obayashi does not provide all the rejected claims' features for the same reasons as provided in the June 24, 2005 Amendment. Obayashi merely discloses a dual mode radio communication device comprising means for selectively designating a dual mode radio communication device comprising means for selectively designating and inputting a desired mode from an analogue mode and a digital mode. (*See* col. 2, lines 33-37).

Accordingly, reconsideration and withdrawal of the rejection of claims 19-20 under 35 U.S.C. §103(a) based on Nessett in view of Obayashi and Shuster are respectfully requested.

The rejection having been addressed, Applicants respectfully submit that the application is in condition for allowance, and a notice to that effect is earnestly solicited.
